Excursion to the holy city of Ejmiatsin.

Mother Cathedral of Holy Ejmiatsin was built by St. Gregory the Illuminator in 301–303, and it is considered to be the oldest church built by a state in the world. According to the 5th century Armenian annals, Saint Gregory had a vision of Christ descending from heaven and striking the earth with a golden hammer to show where the cathedral should be built. Hence, the patriarch gave the church and the city the new name of Ejmiatsin, which may be translated as “The place where the Only Begotten descended”.

It is considered to be not only Armenia’s spiritual center but also the spiritual center for Armenians all over the world. The head of the Armenian Apostolic Church is situated exactly in this city which is the residence of the Catholicos. During the tour, you can visit the Churches of St. Gayane and St. Hripsime which are located in Vagharshapat. They are included in the set of Echmiadzin Monastery. These two buildings have been included on the World Heritage list by UNESCO.
